modularity flexibility productivity

Crestline Workstation is a **functional** and **modern** desk series that offers an excellent solution for office environments. This series is designed to meet different office needs with options for desks that seat **2, 4, 6 or more people**. The desk offers to use with its attachments. There are many options available, such as bookshelves, flowerpots, side and middle divider with felts, side end table extension, consoles, and end-high tables. With these attachments, the desk provides storage and organization solutions that are needed in workplaces. Crestline Workstation also offers different metal and wood colour options. Thus, it can be made **compatible** with any office decor. There are also small and **ancillary** products included in the product group. Options such as computer case stand, pedestals, and office bin can be customized according to office needs. Crestline Workstation is a **long-lasting** office furniture with strong materials and a modern design. The products' **quality** and functionality help to increase office workers' productivity. This desk series, which optimizes empty spaces in offices, also adds a stylish appearance to office decor.

Crestline Collaboration Table can accommodate many **add-ons** such as a flowerpot or a TV screen with the help of an add-on bridge that can be attached to the table top. This bridge can also be removed when not in use to provide more space on the table. There are options to add a **bookshelf** or a **flowerpot** to the center section of the table. This product comes in four different lengths and features two different **center** leg options. Crestline Collaboration Table can be used with chairs but also works well with the Crestline Bench. Also, thanks to the whiteboard hanging feature, your work always be in front of your eyes.

The use of hot desks in open office spaces enables employees to interact more **frequently** with each other. Employees can engage more frequently with different colleagues by sitting at different desks. Crestline Hot-desk is a **high table** that brings people together and provides all of these opportunities by offering **flexible** workspaces in a **collaborative** environment. Different length options are available to suit any office areas. The desk features an **MDF** table top that is both strong and stable, providing a perfect surface for all your work needs. The desk is also designed with the option to add **wheels** to its legs, making it easy to move. Also, you can easily use your electronic devices thanks to the fact that there are many **sockets** on the table.

Crestline meeting table is a customizable table that can **accommodate** different lengths and numbers of people. It features metal legs and an MDF tabletop. The table has power outlet options in the center, allowing you to easily **charge** your electronic devices during meetings. For larger tables, the Crestline meeting table provides a different option for the **center leg** to provide additional support, enhancing the table's **lastingness**. This table is a various options that can be used in many different business environments. It is ideal for meetings, training sessions, seminars, and similar events. Moreover, its customizable dimensions make it easy to fit into any office or business environment.

Crestline Conference Desk is a particularly suitable choice for **large** meeting rooms and large gatherings. It is designed to accommodate a minimum of **14 to 16 people** and can be **expanded** at will. The centre part of the table can be **added or removed**, allowing easy customization of the number of seats. It is destined to become an indispensable asset in large conference rooms. It is designed to meet the demands of busy meeting environments, the Crestline Conference Desk offers unparalleled flexibility to accommodate attendees. Whether it's an important board meeting or a collaborative brainstorming session, this board offers seamless adaptability to different team sizes. Smart table design allows for dynamic resizing. By easily adding or subtracting the centre section, you can achieve the perfect balance between space use and seating capacity. This adaptability ensures that no matter what happens, you have the ultimate setup at your fingertips.

Crestline Pedestal stands out as a functional and modern accessory with its **minimalist** design and chic appearance. Avoiding unnecessary details and embracing **simplicity**, this product will appeal to those who prefer a minimalist approach. It is a perfect option to use at home or in the office. This product, which has various colour alternatives, will easily adapt to any office environment. Thanks to its short height, Crestline Pedestal provides a comfortable sitting area by placing a **cushion** on top of it. It is ideal to create a small resting area or a compact workspace. Moreover, its **wheels** make it easy to move around and carry it wherever you need it. The MDF material used in making this product stands out with its **durability** and natural beauty. It blends perfectly with both **modern** and **traditional** decoration styles. Furthermore, the storage space inside the box allows you to **organize** various items in a tidy manner.

Option 2

Option 3

Option 4

Crestline Open Pedestal is a storage solution designed for offices and other commercial spaces. This **open pedestal** is ideal for storing a range of items such as files, folders, and office supplies. It is a highly **functional** product that is made from metal sheets and comes with **wheels**. With its wide bottom compartment that can be used to store bags and other large items and a smaller top compartment for storing smaller items, this product is incredibly **useful**. One of the standout features of the Crestline Open Pedestal has **mobility** with its wheels.

OPEN PEDESTAL  
CRESTLINE

Crestline Open Pedestal is a **simple** yet **elegant** pedestal with its style. It offers you **endless colour** options and it has a **felt material** on the surfaces where you put your belongings. The fact that the product has **wheels** also increases its **practicality**.

Crestline computer case stand is designed with simplicity and style in mind. The sleek and modern design is complemented by a variety of colour options, allowing you to choose a case that matches your personal style. The stand is also made of high-quality materials, ensuring that your computer case is protected from bumps, scratches, and other damage. The wheels provide smooth mobility and the compact design allows for easy storage.

The Crestline Office Bin, is a highly functional and stylish solution for **organizing** and managing waste in the workplace. We didn't see it as a simple garbage bin, we designed it to add colour to your office. One of the key features of the Crestline Office Bin is its **sustainability**. The Crestline Office Bin is not only functional, but also **eco-friendly**. It is made from recycled materials, contributing to a more sustainable future. This bin is available in a variety of colours to suit any office style, making it the perfect addition to your workplace.

Made from **durable** and high-quality materials, the Crestline Office Bin is built to withstand heavy use and last for years to come. Its compact size makes it **easy** to place under a desk or in a corner, while its clean and **minimalistic** design blends seamlessly into any office decor.

Crestline Bench is a unique seating group that stands out from traditional chairs with its modern and stylish design. This seating group is produced by combining fabric, wood, and metal materials. Many fabric colour options can be used in the seating area. It offers a functional and comfortable seating experience. Its wide seating area allows people to sit comfortably and relax. It can be used as a stylish decoration piece in any space and provides users with a comfortable seating experience.

An office hanger designed for use in office environments can be very useful in your work life. It is an ideal solution, especially for those who attend outside the office frequently or carry many items with them. Here is an elegant and functional hanger for you, Crestline Coat Hanger. The hanger is designed to fit any office decor with its wooden and metal materials successfully combined. Crestline Coat Hanger is a perfect solution for organizing your bags, umbrellas, and other items.
